WANTS WORK.

A New Industry for an Enterprising Man.

For some time past the ranchers in the Eastern part of the State have been bothered by bands of wild horses, which entice the domesticated horses away from the ranches and run them into the mountains. They are anxious to find some way of exterminating the intruders. The following letter was received yesterday:

BRINLEY, OHIO.

ED. APPEAL:—I have seen accounts in the papers that the wild horse is a terrible pest in Nevada. I will kill wild horses. These are my terms: My traveling expenses paid and \$25 per head for each male horse I kill. My traveling expenses would be about \$90 from here, distant about 2500 miles. If the farmers and stockmen will agree to pay me this I will soon rid Nevada of these animals. The fare must be sent me. There is no swindle about this. I mean what I say and will do what I say. If you do not know about this matter hand this letter to some farmer or stockman. I would like to know what prospect there is of getting such work in Nevada. Address,

CLEMENT V. WERTZ, Brinley, Preble Co., Ohio.

Studying the Country.

Arthur W. Dickens, a nephew of Charles Dickens, the novelist, committed suicide in Los Angeles and left a letter in which the following paragraph occurs:

Having lived for over fifty years as a Bohemian, I have had ample leisure for philosophy, and my convictions have made me slightly discontented. I find my fellow creatures thieves and prostitutes. No matter how social humbugging attempts to cover them, they remain the same. I do not know whether I am better or worse than my contemporaries, but at any rate I am willing to leave it to the decision of fate, and will not apply for a change of venue.

ARTHUR W. DICKENS.

The Miners' Union Picnic.

The Miners Union of the Comstock will hold their picnic at Treadway's Park on Saturday the 8th of September.

They had better inducements to go elsewhere but stuck to the old grounds where they had sported for years.

The Miners' Union have the biggest picnic of the year and the long list of prizes offered in another column under the regular advertisements will repay a careful perusal.

New Castle Fruit.

Job Sternberg continues to sell fresh fruit, and the reason of this is that he gets all of his fruit from Newcastle, which is the nearest point to the Nevada line, and it gets in here fresh and plump.

By calling for Newcastle fruit you are certain to get a good article.

The Only Perfect Remedy For habitual constipation, dyspepsia, and kindred ills, is the famous California liquid fruit remedy, Syrup of Figs. It strengthens as well as cleanses the system, it is easily taken, and perfectly harmless. For sale by Geo. C. Thaxter, agent.

In that little tariff speech the other day Thurman set Cleveland a good example of manliness. The Old Roman didn't beat about the bush as the President did in his tariff message. Nor did Thurman grind out long free trade arguments, and then declare that the question of free trade or protection is not an issue in the campaign.

The Dayton band which has been at the Lake on business and pleasure trip, on their way home last evening entertained a large crowd in front of the St. Charles last evening with good music.
